### **SpeedNet, LLC Launches Digital Phone Service in Chesaning**

Saginaw, Michigan, July 16, 2008 – SpeedNet, LLC announced today the launching of Digital Phone Service in Chesaning.

“SpeedNet is very excited to provide the residents of Chesaning and the surrounding communities an option when it comes to their Telephone and High Speed Internet service provider. When speaking with residents of Chesaning, the ability to have an option is a much needed sigh of relief.” said Will Bentley-Sales and Marketing Manager.

SpeedNet’s phone service provides customers the ability to make local, instate and state to state long distance call at no additional cost. Call features included are Voicemail, Caller ID, 3 Way Calling and Call Waiting.

“The other feature customers in other markets we service have truly enjoyed form our phone service is our international call plans that have saved the customer money and with today’s economy who could use some extra saved cash?”concluded Will Bentley-Sales and Marketing Manager.

“It is a pleasure to be able to provide service to the residents of Chesaning and the surrounding communities. Our focus is to provide a quality service and the ability to give customers a choice when it comes to their internet and phone provider” said Bruce Moore-Vice President & General Manager.

SpeedNet, LLC provides High Speed and Digital phone service to Residential, Business, Educational and Government. Offering up to 5 Mbps high speed internet and providing digital phone service in Michigan.
