Saginaw, Michigan (June 24, 2008) – SpeedNet announced today the hiring of William (Will) Bentley as Marketing Manager for the State of Michigan. Mr. Bentley joins SpeedNet after successful positions with Charter Communications, 53rd Bank, and most recently McDonald Broadcasting Company. Will earned a BA in Communication/Public Relations from Central Michigan University.

“We’re very pleased to have recruited Will to lead our marketing effort,” said Bruce Moore Vice President and General Manager of SpeedNet. “Will’s sales and marketing success in other very competitive industries will suit him well as we look to continue our tremendous customer growth.”

SpeedNet has recently launched a new tower serving the greater Chesaning, St. Charles, Montrose, Flushing areas, and is investing in upgrading the technology in the Clio market. Additionally, SpeedNet provides competitive broadband and telephone service in many markets throughout the state including Alpena, Rogers City, Presque Isle, Standish, Pinconning, Bay City, Saginaw, Midland, Mount Pleasant, Bad Axe, Caro, Vassar, Birch Run, and Hemlock.

“I am excited to join such a tremendous organization and look forward to the opportunities ahead of me with SpeedNet” said Will Bentley. “SpeedNet provides the opportunity for customers to get High Speed Internet Access and Digital Phone Service to areas other providers could or would not service and that is exciting to me”. “In today’s hard economic times it is great to be affiliated with a company that offers a “Rate Locked” service that will never increase in price. With so many things increasing in price from milk to gas it is a breath of fresh air for the SpeedNet customers that there Internet and Phone service will not” said Will Bentley.

SpeedNet is a Michigan owned and Operated Company located in Saginaw, MI. Founded in 2001 by Robert Liggett, Jr. and John Ogren. The Company Currently offers Wireless Internet and Digital Phone service to numerous markets including Bay City, Saginaw, Midland, Mt. Pleasant, Alpena, Pinconning, Reese, Clio, Frankenmuth, Bridgeport, Saginaw Twp. Presque Isle, Traverse City, Roger City, Tawas, Bad Axe, Caro, Vassar, Hemlock, Chesaning, New Lothrop, Montrose and St. Charles.

SpeedNet provides Broadband Internet and Digital Phone service through the use of Federal Communications Commission (FCC) licensed Broadband Radio Service (BRS) and Educational Broadband Service (EBS). SpeedNet provides mobile, true non-line-of-site (NLOS) and line-of-site internet connections to Residential and Commercial customers.
